THANK YOU!

So few Canadians realize that leprosy still impacts millions of people worldwide. In fact, today 600 people will hear these words: “You have leprosy.” 50 of these will be children.

And those words could change their lives forever.

It doesn't have to be that way. Leprosy CAN BE fully cured. Yet too often this news does not reach remote and forgotten communities. Those affected by leprosy are often hidden and neglected.

Together we can change lives.

Your gift prevents long-term disability like Ajayi’s. Your gift of $33 will provide one month of treatment for a child suffering from leprosy.

A man with leprosy came and knelt in front of Jesus, begging to be healed. “If you are willing, you can heal me and make me clean,” he said.

Moved with compassion, Jesus reached out and touched him. “I am willing,” he said. “Be healed!” Instantly the leprosy disappeared, and the man was healed.

MARK 1:40-42

“Jesus reached out and touched him. ‘I am willing,’ he said. ‘Be healed.’” – Mark 1:41-42

WORLD LEPROSY DAY

JANUARY 26, 2020
LEPROSY CAN BE CURED!

Stand with us during World Leprosy Day to help reach people searching for hope. Many have lost their jobs, their homes and their families because of a disease they know little about.

Our teams are ready to help. We’re already on the ground in India, Côte d’Ivoire, Kenya, Bangladesh and other countries, working with healthcare professionals and community leaders. Trained in the specialized care of leprosy, effect:hope goes where others do not go, reaching the forgotten in Jesus’ name. But we need your help to make that happen.

World Leprosy Day is an international observance, a day when churches everywhere raise awareness, prayer and financial support for children and families facing the challenges of this disease.

FINDING HOPE AMID SUFFERING

Ajayi is just like the man in the Bible who approached Jesus for healing. Leprosy has robbed him of every opportunity. Every day he faces the horrific disabilities of leprosy. Every day he lives with the stigma of leprosy.

If only he had known that leprosy could be cured.

But he didn’t. Even though he is now cured of leprosy, the effects of the disease have wounded his body. He will never be free of this disease.

Join us in praying for Ajayi and the thousands of other men, women and children suffering today with leprosy.

Yes, I want to cure a child of leprosy.

Single gift

$396 to provide one year of treatment

Monthly gift

$33/month to cure one child every year

I would like to pray for those with leprosy. Please email me the Prayer Update newsletter.

Justelin & Jean-Karel were cured early and will face no disability!

Leprosy stirs fear and hate in so many people. Yet this ancient disease can be CURED! You can replace their fear with hope. You can cure someone of leprosy today.
